

With pneumatic and electric actuators

ARI-STEVI® 448 / 449

Pneumatic actuator
ARI-DP 30-34

- Reversible pneumatic actuator
- Actuator with rolling diaphragm
- Air supply pressure min. 4 bar
- Air supply pressure max. 6 bar
- Stem protection by bellow
- Maintenance-free O-ring sealing
- Assembly of additional devices acc. to DIN IEC 60534-6

Page 4

Fig. 448

ARI-STEVI® 448 / 449

Electric actuator
ARI-PREMIO-Plus 2G 2,2-15kN

- Digital actuator control
- BLDC-Engine technology
- Energy-efficient
- Enclosure IP 65
- 2 torque switches
- Handwheel
- Additional devices available, e.g. potentiometer

Page 7

Fig. 449

Features:

- Compact design
- Bonnet with rotatable traverse
- Optional: Perforated plug for noise reduction
- Replaceable seat
- Reduceable Kvs-values
- Shaft plug guide

myValve® - Your Valve Sizing-Program.

myValve® is a powerful software tool that not only helps you size your system components; it also gives you instant access to all other data about the selected product, such as order information, spare parts drawings, operating instructions, data sheets, etc., whenever you need it.

Contents:
Module ARI-control valves STEVI-calculation

- Sizing (calculation of flow quantity K_v , volume flow Q , pressure drop Δp , sound level and selecting the valve.)

Media:
Integrated media-databank (more than 160 media) with conditions:

- Vapours / gases
- Steam (saturated and superheated)
- Liquids

Special features:

- Project administration of the calculation and product data incl. spare part drawings concerning to project and tag number.
- Direct output of calculation and product data in PDF format.
- Product data could be taken for a direct order.
- SI- and ANSI-units with direct conversion to another datank.
- Settings with over pressure or absolute pressure.
- All ARI valves are integrated in a databank.
- Direct access concerning to the product on data sheets, operating instructions, pressure-temperature-diagram and spare part drawings
- Operation in company networks possible (no complex installations on individually PC's necessary).
- Extensive catalogue extending over several product groups.

System Requirements:

Windows operating systems, Linux, etc.

Technology for the Future.
